

Midas 120A OD Saw Wheel Grinder

A Midwest based manufacturer of industrial meat processing equipment has accepted delivery of a new Weldon model Midas 120A OD CNC grinder. In this application, an angled grinding wheel is form dressed with a stationary diamond tool & three surfaces of the

saw wheel are ground until all runout is removed. This is verified by the acoustic emission monitoring system.

System Suppliers:

Fanuc 32i TD CNC control, **Dittel** acoustic emissions monitoring, **Barnes** MPX-25 coolant filtration system, **Noil** mist collector, & **Weldon** designed hydraulic arbor system

Weldon Solutions offers a full line of CNC OD, ID, & combination grinders. As a Fanuc Robotics integrator Weldon can also address your machine tending, material removal, material handling, & packaging/palletizing needs.

QUALITY, Over and Over Again.
