

AGN4 OD Tool Room Grinder

A leading global provider of medical devices & technologies, has selected Weldon Solutions to be the supplier for their small capacity, tool room, OD plunge & traverse grinding needs. In this application, the model AGN4 CNC straight approach wheelhead grinder utilizes conventional aluminum oxide abrasives to precision grind pins of various diameters, lengths, & forms for their plastic medical part components' injection molds.

System Suppliers:

FANUC 0i TD CNC control, **Prab** Coolant filtration system, **Renishaw** Lateral Locator, & **ATS** 5C collet chuck

Weldon Solutions offers a full line of CNC OD, ID, & combination grinders. As a FANUC Robotics integrator, Weldon can also address your machine tending, material removal, material handling, & packaging/palletizing needs.

QUALITY, Over and Over Again.
