Weldon Solutions Receives Manufacturing Innovator Award

YORK, PA (27 June 2022) – [Weldon Solutions](#), a leading CNC cylindrical grinder and robotic automation systems manufacturer, recently received the Manufacturing Innovator award from the [Manufacturers' Association](#).

The association annually honors member companies for their investment and commitment to manufacturing and logistics. This year, Weldon Solutions was recognized for its development of grinders and commitment to innovation, new product development and use of technology to improve its growth.

In 2021, the company completed a record 25 automation projects and sold more than 50 robots. Weldon was recognized for the following development innovations:

- New robotic gluing process for customers.
- New grinding machine for the microchip industry for electric vehicles.
- Automated simulation software to develop automation projects.

Weldon's drive for innovation can also be seen in its growing facility. In January, Weldon Solutions announced the expansion of [its production shop and warehouse](#) by 18,000 square feet and its office by an extra 3,000 square feet. As a result of the expansion, the facility will grow to 61,000 square feet this summer, facilitating new product development and additional team growth.

"Being recognized by the Manufacturers' Association is a direct reflection of the hard work and dedication of Weldon Solutions employee-owners," said President Travis Gentzler. "Weldon Solutions is committed to designing and building robotic automation solutions to meet our clients' most demanding applications."

###

About Weldon Solutions

With roots dating back to the 1890s, Weldon Solutions provides a variety of industries with innovative, robust equipment to assure long-term security and prosperity with CNC cylindrical

grinders and robotic automation systems. As an Authorized System Integrator for [FANUC Robotics](#), Weldon Solutions is also a FANUC Certified Service Provider, providing the ultimate in automation versatility. When you choose Weldon Solutions you are choosing not just an automation supplier, but also a member of your team. <https://weldonsolutions.com>.
