

# AGN4 Rod Mill Roll OD Grinder

A Wisconsin based producer of rod steel has accepted delivery of a new Weldon model AGN4 OD CNC grinder.

In this application, a carbide mill roll is supported by a heavy duty slip-fit arbor assembly.

A full radius, plated, diamond grinding wheel is used to either plunge or CNC profile grind grooves in the circumference of the roll.

The machine is also capable of OD topping and groove regrinds as necessary.

## System Suppliers:

**FANUC** 0i TD CNC control, **Firetrace** fire suppression system, **Heidenhain** precision glass scales on "X" and "Z" axes, **Weldon** slip-fit arbor assembly with face clamp

**Weldon Solutions** offers a full line of CNC OD, ID, and combination grinders. As a FANUC Robotics integrator, Weldon can also address your machine tending, material removal, material handling, and packaging/palletizing needs.

## QUALITY, Over and Over Again.
